2.4 STPI, THIRUVANANTHAPURAM - ORGANIZATION CHART

2.5 Details of Services Provided by STPI

2.5.1 SOFTWARE TECHNOLOGY PARK (STP) SCHEME / ELECTRONIC HARDWARE TECHNOLOGY PARK (EHTP) SCHEME

Software Technology Park (STP) is a 100% export-oriented scheme for the development and export of computer software using communication links or physical media and including export of professional services. The scheme integrates the concept of 100% Export Oriented Units (EOUs) and Exports Processing Zone (EPZs) of the Government of India and the concept of Science Parks / Technology Parks as operating elsewhere in the world.

HIGHLIGHTS OF STP SCHEME

- Approval under single window clearance mechanism.
- Up to 100% foreign equity permitted.
- Goods imported/ procured domestically by the STP units are completely duty free.
- Second hand capital goods may also be imported.
- Sales in the Domestic market are permissible up to 50% of the export.

2.5.2 HIGH SPEED DATA COMMUNICATION FACILITY (HSDC)

One of the STPI's remarkable contributions to be software-exporting sector is provision of High-Speed Data Communication (HSDC) services. STPI has designed and developed state-of-the-art HSDC Network called SoftNET, which is available to software exporters at internationally competitive prices.

Local access to International gateways at STPI centers is provided through Point-to-Point and Point-to-Multi-Point microwave radios for the local loop which has overcome the last mile problem and enabled STPI to maintain an up time of nearly 99.9%. The terrestrial cables (fiber/ copper) are also used wherever feasible. These communication facilities are the backbone of the success in the development of offshore software activities.

STPI provides the following HSDC services through this network

1. International Private Leased Circuits (IPLCs) - SoftPOINT
2. Dedicated Internet Services - SoftLINK
3. Co-location Services.
4. Other value-added services.

2.5.3 INCUBATION

The incubator concept has emerged worldwide as an essential component of the infrastructure required for the growth of high technology businesses including Information Technology and Software Development. These incubators provide the necessary help to nurture technology ideas into commercial successes. STPI has launched the concept of incubation facility in many of its centers for the Small and Medium Enterprises (SMEs). STPI sets up entire facility for commencing operations by software units from day one. It offers advantage of no gestation period and does not require any capital investment. It helps in developing confidence in the client and ensures that the business opportunity is not lost.

The incubation facilities have the following facilities:

- Modular Built up area for ready to use by the Software Entrepreneurs
- Back up for supply
- Telephones and Fax Facility
- Air Condition
- Business Center
- Conference Rooms and Training Facilities
- High Speed Communication Links, Internet and Video Conferencing Facilities.

2.5.4 PROJECT MANAGEMENT AND CONSULTANCY SERVICES

STPI provided the Project Management and Consultancy Services to various organizations, both National and International. STPI has been partnering with various state governments in India for their e-Governance Projects and has become one of the few organizations which have contributed and contributing to the great Indian revolution in e-Governance.

Over the years, STPI technology services have grown significantly both in terms of volume as well as in service portfolio. Today STPI has entire spectrum of Communication, IT & Consultancy Services in its bouquet, serving a wide variety of clientele including Indian IT Industry, Indian Government Departments, etc.,

STPI has also been involved in various projects involving building communication infrastructure with special emphasis on Wide Area Networking and Network Management. STPI technical strength, process knowledge and quality focus have ensured high level of customer satisfaction across its clientele.
